

SHAPE FOR THE FUTURE

Acer has designed TravelMate notebooks and Veriton desktops exclusively for K-12 students and educators to support the Microsoft Shape the Future (STF) program (also known as the Microsoft National Academic Program). Through this partnership, we are able to provide a select list of products at reduced rates for K-12 public schools to enable anytime, anywhere learning for all students and those involved in teaching. Final pricing only available after contacting Acer.

Contact Acer for information regarding the best K-12 solutions for your schools!
