Engaging Webinars inform you on the latest topics and take you new places

Intel® Education Teachers Engage brings you webinars focused on the effective use of technology, with related activities to engage you deeper and extend the conversations beyond the event as you consider new practices. Webinar series include:

- Virtual Museum Visits
- Intel® Teach Live: the last week of every month, tech integration specialists take you in depth on hot topics
- 1:1 Computing: topics in this series include Curriculum, Infrastructure Readiness, PD Models, How to Evaluate 1:1 Programs
- Benefits of Mobile Learning Series: guest experts share best practices, research, and resources for the mobile classroom

Look for the Webinars section :

- Browse the schedule of upcoming events and register to participate
- Suggest a webinar topic or speaker
- Earn a certificate
- Win prizes
