

Intel® My WiFi Dashboard

The power of Wi-Fi Direct at your fingertips

Use the ultimate portability of Wi-Fi Direct with the Intel® My WiFi Dashboard on your devices. Whether you're connected to a Wi-Fi network, public hotspot or no network at all - connect, communicate and collaborate with others in your vicinity.

Ultra Wi-Fi Portability

CHAT - See a friend or co-worker pop up on your dashboard, ping and chat.

TRANSFER - Drag and drop files between devices at the speed of 802.11n.

HOTSPOT - Share Internet access or create a personal network for your devices.

SNAPSHOTS - Get quick views of your personal Wi-Fi sphere to identify nearby devices.

PERSONALIZE - Create Favorites and customize the device names for easy recognition.

SECURE - Connect securely and prevent unwanted connection requests.

Wi-Fi DIRECT - Connect, communicate and collaborate anytime, anywhere.
