

Intel® NUC

Digital Signage with Video Analytics in 4 Inches Square

The Right Message at the Right Time

The Shape That Fits the Future.

Intel® NUC

Digital Signage with Video Analytics in 4 Inches Square

YOUR DIGITAL SIGNAGE SOLUTION

No matter the size or stage of your business, you have a story to tell and an audience to reach. And the Intel® NUC lets you build a complete digital signage solution in 4 inches square. The 5th generation Intel® Core™ vPro™ processor delivers the performance to run video analytics and the security and manageability you need for remote installations. Designed to take an SSD in the latest M.2 form factor or 2.5" drive both with RAID support for storing content reliably, you can be assured a digital signage solution built with the Intel NUC will deliver the right message at the right time.

SEE THAT?

Two Mini DisplayPort*s provide triple display capability that let you easily deliver your message across multiple screens.

OPEN THE PACKAGE AND CONNECT.

With built-in Gigabyte Ethernet and support for your wireless card of choice, you can connect and stream your message right out of the box. In addition, the included VESA mount and Kensington lock let you discreetly and securely mount the Intel NUC right next to your digital sign for a streamlined system and installation

RELIABILITY BUILT IN

A Watchdog Timer automatically resets the system if anomalies occur, so your clients can stay up and running, while RAID support ensures that content is secure and can be delivered even if one drive malfunctions.

INTEL HD GRAPHICS 5500

CHOOSE YOUR SCREENS

With Intel® HD Graphics 5500, the Intel NUC can support up to three monitors. And if 4K is your thing we can support that too!

BUILT FOR MANAGEABILITY

The Intel NUC built with the 5th generation Intel Core vPro processor allows you to remotely manage and interact with hardware and software even if systems are unresponsive.

WORLDWIDE POWER

Full 65W, wall mounted, multi country support power adapter for installations around the world.
