

This document is intended for individuals who need access to the Intel Training Portal.

System Requirements: For best experience, please ensure you are using Internet Explorer 8+ with compatibility mode turned on or the latest Firefox and have the latest Adobe Flash Player installed.

Step 1: Creating an External Account

- Open your web browser and go to <https://learn.intel.com>.
- **Note:** If you already have an account on Intel.com, go ahead and use it to sign-in and **skip to Step 2**. There is no need to create a new account. Continue if you do not have such account.
- Click the link that says "Click here"... at the bottom of the sign-in screen.

Intel® Learning Network Contact Us

Please sign in

Note: If you are an Intel® Employee you need to:

- Enter you DOMAIN\IDSID (EX: AMR\youridsid) for your **User ID**
- Use your workstation password for **Password**.

Do not click on Forgot Your Password as that is for external accounts only, and not IDSID accounts.

* Site best viewed in Internet Explorer 8

- Complete it and select 'Finish' to create an account.

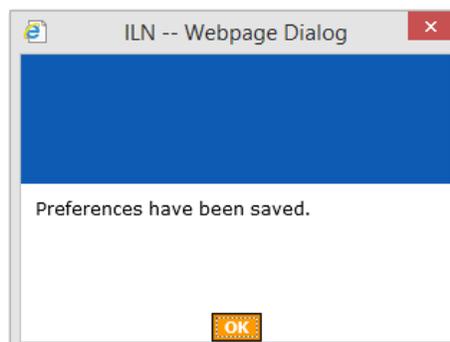

Step 2: Adding an Access Code

- On the ILN home page (<http://learn.intel.com>), click on "Profile"

- Then click on "Preferences" on the left side.
- Type your code into the "Submit a new access code" and click "Add"

- The code will be moved up under "Access codes I have submitted".
- Click "Save" to save the changes.
- You should see this dialog box after you click on 'Save'.
