Chao Yong Long,

Congratulations! Upon review of the testing report and information submitted to Eurofins E&E North America, we have determined the evaluated LAPTOP KC57 to be compliant with the above referenced program requirements.

The LAPTOP KC57 is now qualified by Eurofins E&E to the current ENERGY STAR requirements. The LAPTOP KC57; may begin to be marketed as ENERGY STAR Qualified.

This product will now be submitted to the Environmental Protection Agency to be added to their Qualified Product List (QPL). According to the ENERGY STAR® product certification scheme, the EPA updates the QPL on a set schedule. The LAPTOP KC57 will therefore soon be added to that list.

Please remember to inform us of any changes made to the product, so that we can keep your information and qualification status current.

Thank you for the opportunity to perform this service for Intel Corporation. We look forward to future opportunities with your company.

Sincerely,

Michael DeVilbiss
