

2025 Intel Political Contributions

Payments to Trade Associations and Business Organizations

This list includes membership payments for U.S. trade associations and business organizations, including 501(c)(4), 501(c)(6), and other non-profit organizations, of \$1,000 or more in 2025. This is not a comprehensive list of all the organizations Intel is a member of, and specifically does not include our memberships in 501(c)(3) non-profit groups or specific event sponsorships such as conferences. In addition, some of the totals listed below include more than one year of membership dues as a result of the timing of payments. For organizations with total payments of more than \$50,000 we have also published a breakdown of the portion of 2025 membership dues used for lobbying expense and political expenditures, based on information provided to us by these organizations.¹

(Updated May 2026)

Recipient	State	Org Type	Amount	Estimated Percentage of Dues Used for Political Advocacy

Hispanic Lobbyists Association Inc	DC	501(c)(6)	\$5,000	

¹ For membership dues payments to trade associations and other tax-exempt organizations over \$50,000, we request the percentage of membership dues used for political advocacy purposes, as reportable under the Internal Revenue Code section 162(e). The estimated percentage of dues used for political advocacy purposes is provided to us by the organization. For more information, read the Public Policy and Political Accountability section of our 2023-24 Corporate Responsibility Report, available at www.intel.com/responsibility.
