Intel® AI-Ready Schools Initiative

We are excited to launch the Intel® AI-Ready Schools Initiative at ISTE. A national movement advancing AI excellence across 250 U.S. schools.

Attend the starred sessions (*) to find out more about the Initiative and how to join the movement.

Intel® Skills for Innovation

Two new Starter Packs brought to you by Cephable will make their debut at ISTE – designed to help educators bring AI into classrooms in practical, meaningful ways.

Discover them at our partner booths and learn more through Intel® SFI sessions happening across the show.
