

How to Activate License?

This document serves as a guide to show how to activate license in Self Service Licensing Center.

If you do not see your Altera software license in Self Service Licensing Center, your license needs to be activated.

Step 1	:	Log on to the Altera Self Service Licensing Center. Navigation: www.altera.com/licensing
Step 2	:	Enter your logon name and password
Step 3	:	Click the Self Service Licensing Center link
Step 4	:	First, you will need to have a License Activation Code. Software License : 14 alphanumerical Code from Email Confirmation Development Kit with Software License : Serial Number of the Dev Kit (Printed on Box)
Step 5	:	To start, click the Find it with your License Activation Code link.
Step 6	:	Enter your License Activation Code and click the Search button. 
Step 7	:	Select the new product by checking the left checkbox and click Activate Selected Products button.
Step 8	:	System will show you a message that the product is successfully activated if it is a valid License Activation Code.
