**CHANNEL ALL-IN-ONE PCS**

**STANDARDS-BASED**

Thin Mini-ITX promotes integration for desktop boards and All-in-One PC Chassis.

- Support up to 65W TDP Processor
- Thin Mini-ITX Customization

**PORTABLE**

Portable All-in-One PCs combine performance with built-in battery for switched-on mobility.

- Intel-Level Performance
- Portable with built-in battery

**CUSTOM**

Custom All-in-One PCs provide an out-of-the-box solution, designed to meet specific requirements.

- Highly Compact Design
- Switch on out-of-the-box
Incredible capability in a stunning chassis. The power available from a liquid cooled, 6th Generation Intel® Core™ i7-6700K Processor combined with a single high-end gaming graphics card, channelled through a vivid, 34" curved screen with 3440 x 1440 resolution, enables an exceptional, immersive gaming experience.
EXPERIENCE THE BEST OF WINDOWS® 10 WITH 6TH GEN INTEL® CORE™ PROCESSORS

With blazing fast startups, web browsing and app switching your productivity climbs higher with the performance of the 6th Gen Intel® Core™ processor and Windows® 10

Immerse yourself in a 4K Ultra HD video experience made possible by 6th Gen Intel® Core™ processor and Windows® 10

Heroic experiences await thanks to the stunning graphics and astounding performance of 6th Gen Intel® Core™ processor-based devices running Windows® 10 with DirectX 12
STANDARDS-BASED ALL-IN-ONE PCS
STANDARDS-BASED ALL-IN-ONE PCS

THIN MINI-ITX PROMOTES INTEROPERABILITY AND CUSTOMIZATION

Choose from a wide range of All-in-One PC Chassis and interoperable Thin Mini-ITX Desktop Boards to craft dynamic solutions that enable business and home computing environments.

- Support for up to 6th Generation Intel® Core™ Processors
- 10 Point Capacitive Multi-Touch on Select Systems
- 4K Ultra High Definition Display on Select Systems
THIN MINI-ITX PLATFORM FOR ALL-IN-ONE PCS

THIN MINI-ITX DESKTOP BOARDS CAN SUPPORT UP TO 6TH GENERATION INTEL® CORE™ PROCESSORS, UP TO 65W TDP.

Combine Thin Mini-ITX Desktop Boards with interoperable All-in-One PC Chassis and standard desktop compute components to create capable solutions that meet specific customer needs.

**THIN MINI-ITX DESKTOP BOARDS**

**POWERFUL COMPUTING**

Thin mini-ITX Desktop Boards based on the Intel® 100 Series Chipset support 6th Generation Intel® Core™ Desktop Processor up to a 65 Watt TDP in the LGA1151 package.

**MINI PCI-EXPRESS***

Many thin mini-ITX Desktop boards support a combination of full size PCI-Express* mini-card and half-size PCI-Express* mini-card connectors, ideal for support of mSATA or M.2 solid state drives, WiFi adapters and third party TV Tuner modules.

**EXCEPTIONAL GRAPHICS**

Select 6th generation Intel® Core™ processors support 3D games in higher resolution, better details, faster frame rates, promoting an amazing mainstream gaming experience on an All-in-One PC.

**M.2**

M.2 is considered a next generation storage form factor and supports ultra-compact solid-state drive solutions. Select Thin Mini-ITX Desktop Boards include an M.2 connector. For information on available M.2 SSDs, go to www.intel.com/go/ssd

Features are present with select chipsets, processor and All-in-One PC combinations.
Thin Mini-ITX desktop boards support a wide range of AIO PC solutions, from entry level to feature rich premium systems.

**Gigabyte** Thin Mini-ITX Desktop Boards

The GIGABYTE MDG11HI Thin Mini-ITX Desktop Board supports the latest 6th Generation Intel® Core™ processors up to 65W TDP.

It includes support for dual channel DDR4 2133MHz memory, PCI Express* M.2 slot, SATA Express or SATA3, LVDS, DisplayPort, HDMI and a combination of USB3 & USB2 connections.

**Asus** Thin Mini-ITX Desktop Boards

The Asus* H110T and Q170T Thin Mini-ITX Desktop Boards support the latest 6th Generation Intel® Core™ processors up to 65W TDP.

The boards includes support for SATA Express or SATA3, a combination of USB3 & USB2 connections, PCI Express* M.2 slot, dual channel DDR4 2133MHz memory, LVDS, DisplayPort, and HDMI.

2.5” / M.2 Interface

Intel® SSD 540s Series
2.5” / M.2 Interface

Intel® SSD 535 Series
2.5” / M.2 Interface

Please note: Component support depends on the combination of AIO Chassis and Desktop board.
# Power Adapter Designs for All-in-One PCs and Small Form Factor Chassis

Intel accepts no responsibility for any issues with configurations marked as “Fully compatible” because third party products are subject to change and modifications without notification of Intel Corporation.

** Performance tests and ratings are measured using specific computer systems and/or components and reflect the approximate performance of Intel products as measured by those tests. Any difference in system hardware or software design or configuration may affect actual performance. Buyers should consult other sources of information to evaluate the performance of systems or components they are considering purchasing. For more information on performance tests and on the performance of Intel products, visit intel.com/performance/resources/benchmark_limitations.htm

INFORMATION IN THIS DOCUMENT IS PROVIDED IN CONNECTION WITH INTEL™ PRODUCTS. NO LICENCE, EXPRESS OR IMPLIED, BY ESTOPPEL OR OTHERWISE, TO ANY INTELLECTUAL RIGHTS IS GRANTED BY THIS DOCUMENT. EXCEPT AS PROVIDED IN INTEL’S TERMS AND CONDITIONS OF SALE FOR SUCH PRODUCTS, INTEL ASSUMES NO LIABILITY WHATSOEVER, AND INTEL DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY, RELATING TO SALE AND/OR USE OF INTEL PRODUCTS INCLUDING LIABILITY OR WARRANTIES RELATING TO FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, OR INFRINGEMENT OF ANY PATENT, COPYRIGHT OR OTHER INTELLECTUAL PROPERTY RIGHT. UNLESS OTHERWISE AGREED IN WRITING BY INTEL, THE INTEL PRODUCTS ARE NOT DESIGNED NOR INTENDED FOR ANY APPLICATION IN WHICH THE FAILURE OF THE INTEL PRODUCT COULD CREATE A SITUATION WHERE PERSONAL INJURY OR DEATH MAY OCCUR.

Intel may make changes to specifications and product descriptions at any time, without notice. Designers must not rely on the absence or characteristics of any features or instructions marked “reserved” or “undefined.” Intel reserves these for future definition and shall have no responsibility whatsoever for conflicts or incompatibilities arising from future changes to them. The information here is subject to change without notice. Do not finalize a design with this information.

The products described in this document may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request. Contact your local Intel sales office or your distributor to obtain the latest specifications and before placing your product order. Copies of documents which have an order number and are referenced in this document, or other Intel literature, may be obtained by calling 1-800-548-4725, or by visiting Intel’s Web site at www.intel.com
