

Project Passport

As you complete each project, pat yourself on the back, share it with someone else, and then celebrate your efforts by checking off each project icon.

Keep up the great work by picking your next Intel® Future Skills Project. What will you do differently this time? As you complete each one, continue to check off the appropriate icon until you complete your Project Passport. Keep dreaming, keep drawing, and celebrate your failures as you build your way to a new and more powerful innovation mindset. Your Intel® Future Skills journey starts now.
