

NOW YOUR CUSTOMERS CAN CHOOSE BOTH CAPACITY AND SPEED

With Intel® Optane™ memory you can combine SSD-like performance with the capacity of a large HDD and offer your mainstream consumers an amazing user experience.

BUILD FASTER PCs

by combining Intel® Optane™ memory and HDD to offer your customers the user experience they're looking for.

OFFER AMAZING SYSTEM PERFORMANCE

and responsiveness by accelerating **HDD boot-drive systems** or **HDD data-drive systems**.

YOU CAN NOW HAVE NEW POSSIBILITIES OF
discovering the potential to trigger PC refresh by offering systems that appeal to the PC refresh drivers of **performance and storage capacity**.

Be a part of the generation that builds the new definition of speed with the Intel® Optane™ memory.
