

EDUCATION FOCUS SKUS

From OEMs with Intel Inside®

About this document from Intel

Usage

This document is meant to be used as guidance to help target devices for primary and secondary (K12) education

- The products featured are only examples of the worldwide selection of multinational OEM devices with Intel Inside®
- Use this as a reference, but do not limit your offering to this list. Sell the device(s) that best fit the need(s) of the customer
- Information on these pages is provided by the equipment manufacturer and is not verified by Intel, nor does Intel guarantee that the information is error-free
- All information is provided for informational purposes only
- For more information, contact the equipment manufacturer

Audiences

Internal:

- Intel OEM account teams

External:

- Reseller channel
- Technology decision makers in government (ministries and local)
- Non-governmental organizations (NGOs)
- Content providers and publishers
- Independent software vendors (ISVs), education service providers (ESPs), and other ecosystem vendors
